Langston® Machinery Parts & Service

LANGSTON - FLEXO FOLDER GLUER

SUN Automation is your one source for all Langston OEM parts and upgrades.

SUN Automation is the original equipment manufacturer supplier for all Langston finishing machines, corrugating machines, and retrofit products. This allows SUN Automation to provide superior quality, same day support, longer-lasting parts, guaranteed performance, and a lasting investment that will reduce rejections and downtime.

Ward® Machinery Parts & Service

WARD - ROTARY DIE CUTTER

Parts for Ward

SUN Automation knows Ward machines and has professionally re-engineered parts.

SUN Automation has developed fully-engineered replacement parts for Ward machines, guaranteed to fit and function properly. SUN Automation's high-wear parts keep the same form and fit, but include improvements in function, materials, and manufacturing processes, minimizing downtime and scrapped board.

We are the OEM supplier for all Staley machines and retrofit products, able to supply every OEM part, as well as improved parts and upgrades for your Staley equipment.
