

SLITTER COLLARS

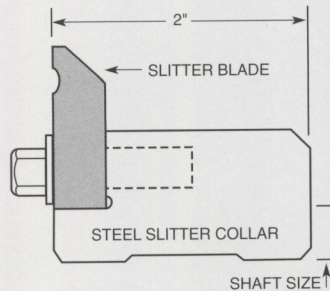

A Wide Range of Standard Sizes in Stock

ZENITH

The ZENITH Advantage!

- Durability assured because Zenith collars are produced from steel forgings.
- Standard width is 2" for close set-ups. These can also be supplied in 1-3/4" and 1-1/2" widths.
- Most common uses are for corrugators and slitters. Many other sizes in stock for presses and partition machines.
- All collars shown are carried in stock.

Call ZENITH for prices on Slitter Collars not listed. For a quote on special Slitter Collars, give us specifications.

LANGSTON

*The diameter refers to thread size, not the wrench size.
A 3/16" bolt uses a 7/16" allen wrench.
A 7/16" bolt uses a 3/8" allen wrench.
